Bushy Run Battlefield: Buy-a-Brick Campaign

In 2013, the Bushy Run Battlefield Heritage Society (BRBHS) unveiled a new monument in honor of the 250th Anniversary of the Battle of Bushy Run. It was the first monument to be installed at the battlefield in over 100 years.

The Monument is located at the site of the first day's action that occurred on August 5, 1763. Artist Robert Griffing and John Buxton designed the monument concept and bronze sculptor Wayne Hyde vividly brought their design to life.

BRBHS continues a fundraising campaign for the monument through the sale of engraved bricks. All funds raised through this program go directly to the costs associated with the upkeep of the monument. These bricks make great gifts and can be purchased below to honor family, friends, organizations, businesses or pets. Donations are tax-deductible and contributions in any amount are welcomed.

PLEASE NOTE: The engraving on the bricks will naturally degrade over time due to weather conditions. BRBHS makes every effort to maintain the monument in a responsible, professional manner to ensure the durability of the natural materials used for the design. **BRBHS guarantees our bricks for a period of 5 years.**

----------Please cut here. Make checks payable to BRBHS----------

_____ 4" x 8" $50.00 Three lines of engraving with 15 characters per line.

_____ 8" x 8" $150.00 Four lines of engraving with 15 characters per line.
